

BRT Solutions Customer SNC-Lavalin Gains a Stable PDM Solution with Windchill PDMLink 8.0

SNC-Lavalin is one of the world's leading groups of engineering and construction companies, and was founded in 1911. SNC-Lavalin establishes multicultural networks that span every continent and has been active internationally for nearly 40 years.

SNC • LAVALIN

OPPORTUNITY

- SNC-Lavalin needed to communicate product information outside of the engineering department in addition to gain PDM functionality for their product line designed in CATIA v5 and AutoCAD.

SOLUTION

- **BRT Solutions**, a PTC reseller, deployed Windchill PDMLink 8.0 with training

RESULT

- Gained a stable PDM solution
- Enables growth within daily engineering operations

“BRT’s expertise in PTCs’ solutions and local presence enabled us to successfully implement Windchill to benefit from its PDM functionalities.”

Youssef El-Akhbari, CAD Administrator, SNC-Lavalin
