

FOR IMMEDIATE RELEASE

BRT Solutions achieves PTC Platinum Partner Status

Montreal, Quebec, Oct 18, 2007 – During the PTC annual Worldwide Channel Event held this year in Bonita Springs, FL., BRT Solutions was awarded the prestigious status of PTC Platinum Partner. This award recognizes BRT's efforts in successfully becoming a top provider of engineering solutions and supplier of PTC software, training and services in Canada. BRT Solutions was the only Canadian partner to receive this elite status making it the only Platinum level PTC partner headquartered in Canada.

"We've worked hard since joining the PTC channel program two years ago to committing ourselves to customer satisfaction by continually improving the quality of services and facilities while expanding our desktop and enterprise level product offerings. Our customers demand and deserve a business partner in which they can rely to provide them with the best possible solutions to their development needs and that is BRT" says Marco Bertolucci – President of BRT Solution.

"This has been an outstanding year for BRT Solutions," confirms Kris Pyle - VP Sales Western Canada, "we anticipate another great year of helping even more companies optimize their product development processes and achieve growing profitability through the intelligent application of technology and training"

Along with this promotion to Platinum-level partner, BRT Solutions was awarded several annual awards at the Worldwide Channel Event including: the North American Windchill Partner of the Year, the North American Impact Player of the Year, and the North American Gold-level Maintenance Partner of the Year.

About BRT Solutions

BRT Solutions, headquartered in Montreal, QC, and with offices across Canada, has been helping companies of all sizes to identify and implement solutions that minimize product development time, reduce costs and create better products by offering PLM and CAD/CAM/CAE solutions and services.
