

**FOR IMMEDIATE RELEASE**

**BRT SOLUTIONS SELECTED AS LEADING COMPANY**

**Montreal, Quebec, June 10, 2009** – BRT Solutions, Canada's best source for PLM & product development applications, is pleased to announce that it has been listed as one of Quebec's fastest growing companies by the French-language magazine *L'actualité*.

This year's *L'actualité* ranking "*Les Leaders de la croissance*" examines Quebec companies that have seen explosive revenue growth for the period 2003-2008. Based on the PROFIT100 ranking of Fastest Growing Companies in Canada, *L'actualité* profiles each Quebec company in the listing and selected the top 20 for their ranking. Published in the June issue of *L'actualité* and online at [lactualite.com](http://lactualite.com), and is considered Quebec's largest celebration of entrepreneurial achievement.

"We're excited to be included among these leading Quebec businesses," says Marco Bertolucci, President of BRT Solutions. "Our growth is a result of the hard work and dedication of our employees combined with the commitment we've made to delivering top quality PLM solutions for our customers."
